

Did you know Coventry has had a new committee for over a year? It's called the Coventry Inclusion Committee and our mission statement is simple: We want to ensure that "all residents are welcomed, respected and treated with dignity". Some of the projects we have worked on are: having a children's book corner at Dabble Day (a yearly fun activity event for young children and their families), providing free lawn signs which are available in the Town Clerk's office for any resident ( see the picture below), getting a larger bulletin board in the Post Office for information about community happenings and bringing snacks to the school a few times a year to show our support to the staff.. We have 8 members and would love to have more. We're looking for more ideas, too. Our chairperson is Karen Hack. If you'd like to join or just have questions, you can contact Matt Maxwell the Town Administrator at 802-754-2266 or at [townadministrator@coventryvt.org](mailto:townadministrator@coventryvt.org). and he will connect you with the committee. We're looking forward to hearing from you!
